United States of America	2	2

OBSERVER STATES

UN MEMBER STATE (SHORT NAME)

	ECOFIN	Max MS Delegates
Kiribati	2	2

* Please note that UE and MS delegates will be placed together when the combined number of delegates optimizes the functioning of the committee.

COMMITTEE AND TOPICS

Second Committee

Economic and Financial Committee

ECOFIN

The Economic and Financial Committee (ECOFIN) deals with issues relating to economic growth and development such as macroeconomic policy questions, financing for development, sustainable development, human settlements, globalization and interdependence, eradication of poverty, operational activities for development, agriculture development, food security and nutrition, as well as information and communications technologies for development and towards global partnerships. This committee works closely with the UN Economic and Social Council. Some of the resolutions they have passed deal with sustainable development, harmony with nature, and migration.

Topic 1 - Protection of Global Climate for Present and Future Generations of Humankind

This topic will focus on understanding the impact of climate change and the sources of these environmental changes. Solutions will discuss what countries can do to stabilize greenhouse gases, reduce emissions and establish ways to protect the global climate and future of humankind.

Topic 2 - Ensuring Access to Affordable, Reliable, Sustainable and Modern Energy For All

This topic will discuss ways in which our energy practices affect the planet, sustainable energy sources, and the current obstacles to ensuring access to modern energy. Solutions will focus on how the international community can support one another in transitioning to renewable sources of energy.
