Co-sponsors : Arab Republic of Egypt, Democratic People Republic of Korea, Federal Republic of Germany, Peoples Republic of Bangladesh, Peoples Republic of China, Republic of France, Republic of India, Republic of Korea, Russian Federation , Syrian Arab Republic. United States of America

Topic: Nuclear Disarmament

Believing in maintaining peace without having to use strategic weapons, but keeping them for the protection of our countries and our allies,

Confirming that the destruction of nuclear weapons actually makes them more dangerous because the destruction breaks the weapons into smaller radioactive pieces of material,

1. Recommends to all member states to be transparent with the manufacturing of strategic weapons;
2. Emphasizes to make stronger the international agency' s vital role of containing proliferation, including seeking universal adoption of additional protocol and providing sustainable funding for the agency;
3. Works cooperatively with all states who have strategic nuclear weapons to implement better nuclear safety practices ;
4. Asks all countries that have strategic nuclear weapons to reduce 1% every year for 3 years of their national nuclear stockpile.

Thank you.
