

MALAWI'S SQUARE FOOT GARDEN

MISSION STATEMENT

We want to encourage children to be creative at school and participate in activities that influences the mind, touches upon the soul, involves hard work and the joy of harvest.

PROBLEM

Children in Malawi are dropping out of school.

SOLUTION

Our goal is to create a square-foot garden at school so that kids will be encouraged to go to school, as well as taught agriculture.

GOALS

1. Reach out to the Bill and Melinda Gates Foundation, Jack Brewer, and other possible donors.
2. Purchase and accept donations of seeds and tools needed to complete the garden.
2. Send square foot gardening materials and seeds to Malawi.

Materials:

3 pieces mini gardening set-1 set-\$2.97(Alibaba)
