

General Assembly 1st Committee Disarmament and International Security

Co-Sponsors:

Commonwealth of Australia, People's Republic of China, Japan, United Kingdom of Great Britain and Northern Ireland

Topic: "Cyber-Security"

Alarmed by the immense threat of cyber crime, Having studied the progress and research of the International Telecommunications Agency on cyber activity, Keeping in mind past efforts of countries and organizations to improve cyber security, Deeply convinced that cyber criminals are growing increasingly dangerous as the internet rapidly grows,

1. Recommends the increasing of awareness and fundraising on the topic cyber security in order to combat cyber crime sponsored and promoted by the UN;
2. Encourages government agencies to more closely monitor networks within their countries;
3. Urges governments to hire experienced personnel in order to strengthen security systems;
4. Affirming security guarantees for purchasing private domains.
