

Draft Resolution Legal/2/2.2

Legal Committee

Co-sponsors: Brazil, Bangladesh, Germany, Saudi Arabia, Australia, Israel, Russia, New Zealand

Topic: “Rule of Law at the National and International Level”

The co-sponsors have come up with multiple solutions for the Rule of Law,
Noting that people are being treated unfairly and differently because of their gender, race, or religion,

Considering that the UN already has a Declaration of Human Rights,

Taking into consideration that girls are being married off at a young age,

1. Suggests a video to teach children about the importance of the rule of Law;
2. Encourages having peaceful protests to promote human rights;
3. Suggests contacting organizations who will help (try to convince to) enforce laws;
