

Resolution GA/1/1.1

General Assembly First Committee

Co-sponsors: People's Democratic Republic of Algeria, Republic of Angola, Republic of Belarus, Republic of Chile, Republic of Cuba, Czech Republic, Republic of Estonia, Hellenic Republic, Republic of Indonesia, United Mexican States, Russian Federation, Independent State of Samoa, Republic of Korea, Republic of South Sudan, Republic of the Sudan, Ukraine, Socialist Republic of Viet Nam

Topic: Nuclear Disarmament

Alarmed by the danger and threat that nuclear weapons pose to our society and the destructions that they can cause,

Deeply disturbed by the large amount of deaths caused by nuclear weapons and noting with regret the costs of nuclear weapons,

Taking into consideration the existing treaty on the prohibition of nuclear weapons,

“We must abolish nuclear weapons or they will abolish us” - John F. Kennedy,

Accepting the positive impact of nuclear free zones and approving using nuclear power for good,

Noting with regret that nuclear weapons cause mass destruction,

Taking into consideration that some countries with nuclear programs are in need of aid,

- I. Calls upon member states to create multiple updated resolutions that could gradually ban different aspects of nuclear weapons over time;

2. Endorses the extensive regulation and future ban of purchasing and overall production of nuclear warheads;
3. Recommends a treaty that would limit a country's possession to 550 nuclear weapons that would include implementing the following consequences: a) a confiscation punishment, b) economic embargoes, and c) the severance of diplomatic relations temporarily;
4. Considers the creation of a disarmament budget;
5. Supports the idea of adding an increased tax on nuclear materials;
6. Further invites countries to have more transparency between them and others;
7. Recommends total ban of manufacturing, development and production of nuclear weapons;
8. Further recommends the dismantlement of nuclear weapons over the course of ten years;
9. Seeks a treaty where countries would be required to invest money into dismantling nuclear weapons when they are created;
10. Encourages nations to give up their nuclear warheads and recommends the signing of a nuclear proliferation treaty;
11. Endorses repurposing nuclear weapons for food and economic aid;
12. Draws the attention to the importance of safely dismantling nuclear weapons;
13. Emphasizes the need to create petitions to spread awareness about preventing nuclear weapons;

14. Considers using education to teach youth in schools or on social media about the advantages and disadvantages of nuclear energy, as well as the dangers and health consequences of nuclear weapons;
15. Recommends a summit to bring countries together for education;
16. Further proclaims that the removal or destruction of nuclear weapons will lead to peace among countries;
17. Calls upon all member states that support nuclear disarmament to support other countries that do not have nuclear power plants and implement training programs in those countries;
18. Requests the creation of a new article with clear guidelines to aid countries in understanding nuclear disarmament;
19. Implores superpowers to work together in creating a nuclear free world;
20. Further recommends countries to use nuclear energy to boost their economies;
21. Promotes the use of nuclear energy as opposed to unsustainable energy sources.
