

Resolution Economic and Social Council/2.1

Economic and Social Council Committee

Co-sponsors: Commonwealth of Australia, People's Republic of Bangladesh, Republic of Chile, People's Republic of China, Republic of Croatia, Republic of France, Republic of Ghana, Republic of Haiti, Republic of Indonesia, State of Israel, Hashemite Kingdom of Jordan, Republic of Madagascar, Kingdom of Morocco, Republic of the Niger, Islamic Republic of Pakistan, Republic of Poland, Slovak Republic, Republic of South Africa, Kingdom of Sweden

Topic: Leaving No One Behind

Aware of the lack of resources for medical, environmental, and educational uses,

Alarmed by the lack of global equality caused by factors such as gender, race, ethnicity, age, sexual orientation, education, and medical treatment,

Noting with concern that many people are not given the resources needed, and because of that the poverty rate has increased,

Recognizing the lack of COVID vaccines and COVID care in certain communities,

Equality

1. Calls upon all nations to lower the wage gap by 5% as well as create job security in rural areas, and 50% of energy is renewable by 2035;
2. Urges nations to replace discriminatory laws against marginalized groups including the LGBTQIA+ communities;

Environmental Resources, COVID-19, and Climate Change

3. Calls upon systems such as the Kyoto Protocol and Paris Agreement to implement more environmentally conscious strategies to reduce greenhouse gas emissions;

Medical/School Equality

4. Strongly encourages the United Nations and more developed countries to provide funding to ship more medical supplies, including vaccines, COVID-19 testing, and other necessary medical supplies, as well as the construction of more medical clinics;
5. Further request schools to provide resources such as access to basic medical treatment, testing for learning disabilities, access to quality food, and mental health care.
