Topic: Elimination of Racism, Racial Discrimination, Xenophobia and Related Intolerance

Taking into consideration that economic and financial models left over from colonialism continue to shape the lives of people of color,

Noting with deep concern that members of minority groups are victims of hate crimes,

Deeply concerned that minorities are misrepresented in mainstream media,

Alarmed by the fact that one in five people have experienced a form of discrimination prohibited by the Universal Declaration of Human Rights,

Understanding the historical texts having racial biases and slurs can lead to ignorance and misinformation about racial discrimination,

Noting with deep concern that most hate crimes are faced by people of color and members of the LGBTQ+ community by biased, uneducated and or ignorant individuals,
