

Resolution Food and Agriculture Organization of the United Nations/2.1

Food and Agriculture Organization of the United Nations - Sustainable Development

Co-sponsors: People's Democratic Republic of Algeria, Republic of Argentina, Republic of Chile, Republic of Costa Rica, Hellenic Republic, Co-operative Republic of Guyana, Republic of India, Republic of Italy, Republic of Lebanon, Republic of Mozambique, Republic of Slovenia, Republic of South Africa, Swiss Confederation, Republic of Zimbabwe

Topic: Green cities

Recognizing the environmental benefits of electric vehicles,

Approving governments to support the funding of green cities,

Anxious to improve water management and conservation,

Acknowledging the negative effects of air pollution,

Alarmed by the lack of education towards youth,

Aware of the unavailable funds towards climate change curriculums and schools,

Usage of electric transport

1. Recommends the subsidization of electric cars;
2. Expresses hope for a switch to electric transportation;
3. Calls upon governments to give more funding to public transportation;

4. Incorporating the negative aspects involving fossil fuels on both our health and environment;

Increasing green spaces

5. Emphasizes the need for urban planning to use green spaces and urban farming;
6. Calls upon nations to decrease deforestation;

Educating on green cities

7. Authorizes the creation of a committee whose responsibility is overseeing the progress of green cities;
8. Incorporating the education of the negative aspects involving fossil fuels on both our health and environment;

Improving air and water quality

9. Promotes funding of research and developments for more sustainable technology;
10. Urges nations to strictly regulate factories CO₂ emissions;
11. Encourages governments to implement water conservation policies;
12. Further request companies to resist from burning disposables;
13. Endorses the construction of air and water filtering systems.
